The Bishops of the Methodist Episcopal church began their semi-annual meeting at Buffalo to arrange a plan of Episcopal visitation, and dispose of other official business.
Alfred Bacon, of Owen county, committed suicide. He was fifty years old, and leaves a wife and several children. Financial and family troubles.
An accident happened to the train carrying Forepaugh's circus on the Lackawanna road in New York, by which a number of persons were injured.
Mrs. Wright, in jail at Neillville, Wis., on suspicion of having poisoned her husband, has made confession implicating Daniel Allen, paramour, and he was also arrested.
From Alabama.
I have been afflicted with rheumatism over three years. Two years of the time I could not walk a step. I could not even stand on my feet. My joints were all swollen, and some of them running sores. I commenced taking S. S. S., and in six weeks I was walking. I consider that I am cured of the worst case of rheumatism that I ever heard of, and Swift's Specific did the work.
Ike Pruitt, Salem, Ala., Jan. 21, 1896.
We know the above statement to be true. We gave him the medicine (S. S. S.) The day we gave it to him he actually could not stand upon his feet—had no use of his limbs whatever. We make this statement cheerfully, as the result of our own observation. ADAMS, BROS. & CO., Dealers in General Merchandise, Salem, Ala., Jan. 21, 1896.
Treatise on Blood and Skin Diseases mailed free.
The Swift Specific Co., Drawer 3, Atlanta, Ga. New York, 157 W. 23d St.

HOME AND FARM.

—To tell good eggs, put them in water; if the large end turns up they are not fresh. This is an infallible rule to distinguish a good egg from a bad one.

—The Household.

Where illness is used for dress lining an authority states that by placing the sleeve on the neck, instead of for the front lap it will not stretch nearly so much as when used in the old way.—Boston Globe.

To prevent blue calves from fading, pour one ounce of sugar at least on a full of water, soak the material in the solution for two hours, and let dry before being washed and ironed. This is good for all shades of blue.—Boston Globe.

—Brown Bread: Two cups of Graham flour, one cup of wheat flour, one cup of salt, two cups of sour or butter milk, and one-half teaspoonful of soda or saleratus. Bake in a moderate oven for half an hour. Sweeten with sugar or molasses, if liked.—The Caterer.

—The Cow, when yielding milk, needs a warmer stable than the ox. If we draw from her twenty pounds of milk daily that at the temperature of one hundred degrees and half an hour, we furnish her with the means of restoring the calor to the system.—Troy Times.

—Pie Crust: Two cups of hard, one cup of water, a pinch of salt. Mix the salt and hard in the flour; then add the water. Do not get it too thick with flour. If not so rich enough to suit you, mix three-fourths of a cup of water with the same amount of hard.—Western Rural.

—The secret in making potatoes to be used as a salad is to boil as hot as possible, and to beat the mass till light instead of pressing down smooth and solid, adding cream, butter and salt with a desirable result is reached by rubbing the mashed potato through a hot colander and leaving it just as it falls into the dish.—Chicago Tribune.

—Graham muffins made in this way are wholesome for breakfast: One quart of Graham flour, one tablespoonful of baking powder and half a teaspoonful of salt. To this add two eggs well beaten, two ounces of melted butter and enough milk to form a thin batter, mixing thoroughly. Bake in muffin rings or pans half filled with the batter in a brisk oven.—Cleveland Leader.

—Covered yards possess one advantage in regard to the smaller consumption of food by animals that are not cold by animals that are not. The cold wind, which causes a loss of heat, instead of pressing down smooth and solid, adding cream, butter and salt with a desirable result is reached by rubbing the mashed potato through a hot colander and leaving it just as it falls into the dish.—Chicago Tribune.

The cold wind, which causes a loss of heat, instead of pressing down smooth and solid, adding cream, butter and salt with a desirable result is reached by rubbing the mashed potato through a hot colander and leaving it just as it falls into the dish.—Chicago Tribune.

—Graham muffins made in this way are wholesome for breakfast: One quart of Graham flour, one tablespoonful of baking powder and half a teaspoonful of salt. To this add two eggs well beaten, two ounces of melted butter and enough milk to form a thin batter, mixing thoroughly. Bake in muffin rings or pans half filled with the batter in a brisk oven.—Cleveland Leader.

—Covered yards possess one advantage in regard to the smaller consumption of food by animals that are not cold by animals that are not. The cold wind, which causes a loss of heat, instead of pressing down smooth and solid, adding cream, butter and salt with a desirable result is reached by rubbing the mashed potato through a hot colander and leaving it just as it falls into the dish.—Chicago Tribune.

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Discovery, by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh
